The company reserves the right to change these sizes, at any time, without any notice

Civita Cromo sconsiglia l'abbinamento del vaso con sistema di scarico mediante passo rapido o flussometro, cassetta alta o cassetta di scarico con portata superiore a Lt 6, per il rischio che si possano verificare schizzi d'acqua al di fuori del bacino. In questi casi si suggerisce di regolare il flusso d'acqua, magari utilizzando un riduttore di portata

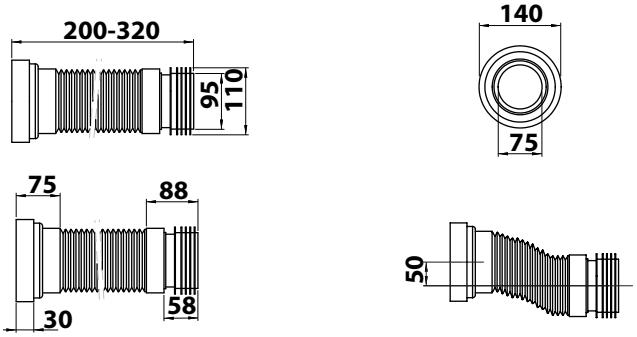

Civita Cromo does not recommend combining the toilet with flushometer system, high cistern or concealed cistern with a capacity greater than 6 litres, due to the risk of water splashes outside the pan. In these cases it is recommended to adjust the flow of water, perhaps using a flow reducer
